Container Type (check one): Portable Toilet <input type="checkbox"/> Storage (POD) <input type="checkbox"/> Refuse (Large) <input type="checkbox"/> Refuse (small) <input type="checkbox"/> Unhitched Utility Trailer <input type="checkbox"/>	
Proposed Start Date:	Proposed Removal Date:
Owner Signature:	Date:

By signing, the owner acknowledges all listed restrictions/requirements for this permit on Page 2 and agrees to abide by them and to communicate with Trustees and neighbors on progress.

University Park streets are community property. It is the practice in University Park to make sure that the neighbors on either side and across are notified of any construction or obstruction. This affords them a heads-up to blockages, noise and obstructions. Any compromises can then be made before placement, avoiding conflicts and discord.

## PERMIT APPLICATION FOR STORAGE, REFUSE, PORTABLE TOILET OR UTILITY CONTAINER

The following conditions must be met in having a storage container, dumpster, portable toilet or unhitched utility trailer. Trailers that come and go with the construction crew each day are the exceptions, but they cannot block traffic, intersections or driveways.

- No container shall be put in place prior to receiving approval from the Trustees.
- Once this form has been accepted as Complete, Trustees will respond to application within 5 days.
- Containers/PODs/Refuse bins must be placed in your driveway unless that are extenuating circumstances.
- For containers to be placed in FRONT of the property, neighbors on each side and across the street must be consulted regarding potential inconvenience and their signatures collected.
- Signatures can be pen and paper, or an email acknowledgement can be attached to the form.
- Containers can be in place no longer than 4 weeks. Extensions require a new form with neighbor signatures.
- PODs and other containers must not exceed 8 feet by 15 feet.
- Portable toilets must not be visible from the street and must be in the homeowner's back yard/driveway, away from the street.
- If placed on the street, the container must be in the confines of the applicant's property lines.
- After the container is removed or emptied and replaced, please ensure all debris is cleaned away from the street/curb/sidewalk.
- Damage to trees, curbs, streetlights, pavement, or any University Park community property will be remedied by University Park Trustees and charged to the applicant/homeowner.
- The Trustees reserve the right to ask for removal of the container at any time in the case of unexpected street, streetlight, or utility maintenance or repair.
